### GENERAL

1. We had a very productive day long tech. We made it to the top of #15 *Turn to You!* Have a great Sunday off.

### SCENIC

1. Stage Management will look into sweep & mop the backstage to see if this helps with making the stage less slippery.

### TECHNICAL DIRECTION

1. No notes at this time, thank you!

### PROPS

1. Props will take the duct tape off the birdcage and find new possibilities for the birdcage.
2. We would like G. Pedersen to have a different suitcase that does not look like a lunch box.
3. Danny Gurwin would like to talk about the skeleton cove in the rock.
4. We would like to change the color of Pamela's parasol to match her costume, please contact Costumes about how to match the parasol.

### COSTUMES

1. Cleophila's (D. Bass) wig is too small for them to wear during the run, could we take a look at that and how to make it fit on them?
2. From the position Pamela is onstage, we can see her from the waist down during #10 *Vacation*. Is there a way to get a #10 *Vacation* look for Pamela instead of the mermaid tail.
3. Please Props Note #4.

### LIGHTING

1. Stage Management will take LX 273 at the top of the music.
